

Title Staff Personal Security and Safety

Number GBGB-R

Threats

Any employee who is threatened with harm by an individual or a group while carrying out assigned duties shall immediately notify the school principal or supervisor. The principal or supervisor shall then immediately notify the Superintendent's office of the threat and together they shall take immediate steps in cooperation with the employee to provide every reasonable precaution for the employee's safety. Precautionary steps, including any advisable legal action, shall be reported to the Superintendent's office at the earliest possible time.

Eye Protective Devices

Every student, teacher, and visitor in public schools shall wear appropriate eye protective ware while participating in or when observing vocational, technical, industrial arts, art, or laboratory science activities involving exposure to:

- A. Molten metals or other molten materials.
- B. Cutting, shaping, and grinding of materials.
- C. Heat treatment, tempering, or kiln firing of any metal or other materials.
- D. Welding fabrication processes.
- E. Explosive materials.
- F. Caustic solutions.
- G. Radiation materials.

The Board shall equip the schools with eye protective ware.

Schools may receive and expend federal, state, and local monies to provide eye protective devices.

For purposes of this procedure, *eye protective ware* means devices meeting the standards of the U.S.A. Standard Safety Code for head, eye, and respiratory protection, Z21-1959, and subsequent revisions thereof, approved by the United States of America Standards Institute, Inc.

Face Coverings

All persons, including, but not limited to, staff, students, vendors, visitors, and volunteers, shall wear a face covering while on any District property, in any District facility, at any District event, whether indoors or outdoors, and in any District vehicle, including District buses or vehicles rented or leased by the District.

Face coverings should not be worn by:

- A. Children under the age of two (2);
- B. Anyone who has trouble breathing;
- C. Anyone who is unconscious, incapacitated, or otherwise unable to remove the mask without assistance.

Students shall not be required to wear face coverings when students can socially distance or are outside in playground settings with distancing.

Students shall be allowed breaks to remove their face covering in a safe environment.

The Superintendent may make other exceptions to the requirement to wear a face covering while keeping in mind the health and safety of everyone involved.

Face shields may be an acceptable alternative to face coverings.

Face coverings are to fully cover a person's nose and mouth, ideally fitting snugly but comfortably against the sides of the face and under the chin. They are to remain affixed in place without the use of one's hands and are to not have holes. They are to be laundered regularly or disposed of appropriately.

A face covering does not replace the need for frequent handwashing, covering coughs and sneezes, and practicing physical distancing (six feet [6'] away) to the extent possible. Individuals are to be reminded to avoid touching their cloth face covering and to wash their hands frequently. To ensure the proper use of face coverings, staff and students are to be educated on how to wear and care for their face coverings.
