# *Accelerated*

[gilbertschools.net/meridian](http://gilbertschools.net/meridian)

- ✓ Our accelerated classrooms focus on grade-level standards at an accelerated rate while enriching students with skills and concepts that are a grade level above.
- ✓ Teachers utilize the same curriculum as in other classes while supplementing with a variety of materials to support students in the classroom.
- ✓ The curriculum and classrooms are designed to provide a challenging learning environment for students with higher academic abilities and motivation.
- ✓ Students learn necessary skills to continue to develop and advance at an accelerated pace to help students transition to honors level courses in junior high and high school.
- ✓ Math concepts taught one grade level ahead - Students synthesize skills and concepts from critical areas to apply new mathematical understandings through investigations.
- ✓ ELA, Social Studies, and Science - Interdisciplinary, integration of two or more different content areas, project based learning and a fast paced sequence of the curriculum.
- ✓ Placement based on parent and student request and teacher recommendation. Review of appropriate placement occurs as needed throughout the year.
