

Career and Technical Education Instructional Program Information

Program Name: Cabinetmaking	Program CIP Code: 46.0703.00
------------------------------------	-------------------------------------

Description: The **Cabinetmaking** program is designed to prepare individuals to apply technical knowledge and skills in cabinetry. A student in this class has an opportunity to participate in the planning, design and completion of project based activities in the cabinetmaking industries. Instruction also includes career opportunities, communication skills, teamwork, safety, creative thinking and problem solving. The program is designed and delivered as a coherent sequence of experiences using technical instruction, academic foundations, experiential learning, work-based learning and leadership and personal development through the Career and Technical Student Organization, SkillsUSA.
