

Career and Technical Education Instructional Program Information

Program Name: Interior Design	Program CIP Code: 52.1900.30
--------------------------------------	-------------------------------------

Description: The **Interior Design** program is designed to prepare students for employment or advanced postsecondary coursework in applied sciences for design production, commercial or home furnishings sales, custom interior design, supervisory positions in furnishings manufacturing, and as buyers for retail establishments. A student completing this program will possess the technical knowledge and skills associated with interior design/production and selection, wholesale purchasing, sales, and promotion. In addition to technical skills, students completing this program will also develop advanced critical thinking, career development, applied academic skills, employability skills, basic business practices, and leadership skills required for entry into interior design and merchandising occupations. The program utilizes a delivery system made up of four integral parts: formal/technical instruction, experiential learning, supervised occupational experience and the Career and Technical Student Organization, FCCLA.
