Gilbert Public Schools Preschool Programs

Mission Statement

The vision of the Gilbert Public Schools Preschool Department was born out of a desire to provide opportunities to enhance its excellent educational programs. Our goal is to create programs that reflect our commitment to providing high standards for quality programs within a nurturing, friendly, and safe environment.

Gilbert Public Schools Preschool Programs provides a loving, safe, fun, and educational environment for children. Children of ages three, four and five are given an opportunity to choose from a variety of well-rounded programs that meet their developmental needs and interests.

AZ Early Childhood Standards

All Gilbert Public School Preschool Programs follow the AZ Early Childhood Standards. The Arizona Early Learning Standards, 4th Edition (AzELS) provide a framework for the planning of quality early learning experiences for all children three to five years of age. The AzELS framework provides an essential first step for designing and/or choosing an effective, high-quality preschool curricula.

Amanecer, Building Blocks, Kinder-Prep and TOYBOX are licensed and inspected by the Arizona Department of Health Services (DHS). Facility inspection reports are available for public viewing at the Arizona Department of Health Services, 150 N. 18th Avenue, Suite 400, Phoenix, AZ 85007-3244 and at each campus.

***Please carefully read the Parent Handbook.
You are responsible for the information it contains.

Program Descriptions

Amanecer (Tuition based)

This play-based program is aligned with the Arizona Department of Education Early Learning Standards, with a focus on critical thinking skills and social/emotional development. Thematic units are explored by students using a variety of learning styles and modalities, which in turn, ignites curiosity and encourages sustained attention. The program is supplemented using Handwriting without Tears and Creative Curriculum intentional learning materials. Typically developing peers and those with developmental delays work together and grow in one inclusive environment. Instruction is individualized based upon ongoing progress monitoring (Teaching Strategies GOLD) so the teacher knows what a child knows and what they are ready to learn next. GOLD is an authentic, ongoing observational system for assessing children from birth through Kindergarten. It helps teachers observe children in the context of everyday experiences, which is an effective way to learn what they know and can do.

Building Blocks

We believe academics and social development are intertwined, and that curriculum is a living, growing aspect of preschool. We have a commitment to each school's design and firmly believe that this commitment is crucial to our students' success. We begin by understanding that every student is different. We focus on using each student's strengths to build upon those areas that need developing. Learning is applied through academics and exploratory play. These activities can be child-directed or teacher directed. With a fluid schedule, teachers are then able to assess transitions and begin to build a foundation tailored to each individual student. Building Blocks passionately encourages school involvement through opportunities for PE, Library, Music, Art, fun runs, assemblies, school pictures, spirit weeks, and other fun site-specific activities.

Within the 3's program, students will engage with specially designed, curriculum-based material. By utilizing circle time students are introduced to letters, numbers, colors, days of the week, months, and weather. While using a small group setting, our 3-year-olds' complete six learning centers a day. In between learning centers are lunch, rest time, and exploration play. The day begins and concludes with a structured based play which focuses on socialization. By constructing a curriculum containing a more challenging approach to the same subjects included in our 3's program, our 4 and young 5-year-olds continue to master letters, numbers, colors, the calendar, writing their names, addresses, phone numbers, and begin preparation for reading readiness. Socialization and opportunities to build friendships are encouraged throughout our before and after-school day schedule. Upon completion of the Building Blocks program, our students have the foundation in place to enter kindergarten with the tools, experiences, and passion for learning that helps to ensure academic success now and well into the future.

Kindergarten-Prep

Kindergarten Prep is a 20 student program taught by a certified teacher with a classroom assistant, designed to give your child a jump start on becoming a prepared and eager Gilbert Public Schools student ready for the rigors of Kindergarten! Kindergarten Prep curriculum focuses on literacy and academic content in an intentionally developed preschool environment. It is aligned with the Arizona Department of Education Early Learning Standards, and is supplemented with: Foundations, Handwriting Without Tears, We Thinkers! Social-Emotional curriculum, STEM and Unplugged Coding activities.

Traditional Kindergarten-Prep

At Gilbert Public Schools, we believe that for a preschooler, the road to knowledge is exploration. Traditional Preschool aligns with the same curriculum that is found on our Traditional Campuses (Neely, Spectrum and Canyon Rim). Your child will have the opportunity to transform learning into a walk of discovery, offering safe and exciting opportunities for experimentation, challenge and fun at every turn! This program is designed to give your child a jumpstart on becoming a prepared and eager student ready for the rigors of Kindergarten! A child that is ready to focus and sit a little longer than average is a student that would be the most successful. Traditional Preschool teachings are aligned with the Arizona Department of Education Early Learning Standards, and is supplemented with Spalding, Saxon Math, STEM Activities, Unplugged Computer Coding and Learning Without Tears. This classroom is a 20 student program taught by a certified teacher with a classroom assistant.

TOYBOX

TOYBOX offers a full curriculum teaching all subjects each day including language and literacy, STEM (science, tools, engineering and math), social studies, art, music, and PE. Our goal is to prepare children for success in Kindergarten as well as their entire educational careers. We work hard to build a positive foundation for school success and a love for learning. The TOYBOX Early Learning Center provides the opportunity for children to develop social relationships with peers, gain a positive self-concept and foster an attitude of enthusiasm about school at an early age.

Children learn to think critically, solve problems creatively, and interact in group situations. Having the support of the high school students helps to maintain a low child to adult ratio, resulting in more one-on-one attention and learning. Being on a high school campus allows TOYBOX unique opportunities to participate in many activities such as trying out the instruments in orchestra, creating pottery with clay, participating in simple science experiments, making a creative snack with culinary, or visiting the animals in the agriculture lab.

Minimum Age Requirements

Amanecer

*3 years old by August 31st, 2021

Kinder-Prep

4 years old by August 31st, 2021

Building Blocks

*3's Program - 3 years old by August 31st, 2021

4's Program - 4 years old by August 31st, 2021

TOYBOX

*3 years old by August 31st, 2021

**Students may not start attending the program until they turn 3 years of age per DHS Licensing.*

Enrollment Procedures

Registration must be completed on-line. All information needs to be filled in completely during registration. All information supplied will be used to complete your child's registration form and emergency information. You will need to submit a copy of your child's birth certificate along with proof of current immunizations. During the registration process on Eleyo you will create your user name and password for future access to your account. A non-refundable registration fee per child is due at the time of registration. After your registration has been approved you will receive a confirmation email. Employee discount must be verified before registration approval. ***If your child has an IEP, the supervisor of your specific program must review and approve it prior to registration.**

In addition to the Eleyo registration into a preschool class, a new [online district pre-enrollment must be completed](#) for each preschooler every year. *Please Note: Enter the child during the online enrollment as an "enrolling student". & "GPS Holding" as the campus.* [New Family Registration | Existing GPS Family Registration \(Infinite Campus\)](#)

GPS Preschool Programs and DHS require that all children attending must be **completely** independent in toileting.

Your student may not attend the program until you have received a confirmation email. GPS Preschool Programs enroll on a first-come, first-served basis.

An incomplete "Emergency Information and Immunization Record" may delay enrollment in the program.

It is the parent's responsibility to keep enrollment records current.

Enrollment Limits

Student enrollment limits in GPS Preschool Programs are determined by two factors: availability of space and DHS capacity limit guidelines. Each school determines the space that the program will utilize. Programs offered during the school day may be reduced or relocated yearly due to changes in student enrollment at individual school locations.

Schedules

Gilbert Public Schools Preschools provide a variety of programs and schedules to fit the community needs. Upon registration, families can select a program and schedule for the school year. Modification to contracts can be requested in the Eleyo system, requests will be reviewed, approved or denied based on availability of the specific program.

Billing and Payments

A security deposit and/or first month's tuition payment is due at the time of registration along with a registration fee. Subsequent payments are invoiced on the 20th of each month, auto drafted on the 25th of the month prior to the month attending. A late payment fee and suspension of attendance will be applied on the first of each month. Attendance may resume when accounts hold a zero balance.

Tuition is based upon the total number of school days that a student can attend their selected program, times the daily rate of the program divided by 10 months to create equal payments.

Security deposits will be applied to the first's month tuition.

All payments must be submitted online in your Eleyo accounts.

The Community Education Business Office

6839 E. Guadalupe Road, Mesa 8521

Monday-Thursday from 8:00 a.m. to 4:30 p.m. and Friday from 8:00 a.m. to 12:00 p.m.

Closed on Fridays during June & July.

Computers are available to use during regular office hours.

The Community Education Office is not responsible if payment is late due to personal technical difficulties.

Refund Policy

GPS Preschool Programs has a non-refundable registration fee, security deposit and monthly tuition policy. Refunds are not given for student absences including unused, sick days and vacation days.

All preschool program's enrollment is on a first come first serve basis. There are maximum and minimum enrollment requirements for all programs. Parents will be notified if enrollments are not adequate to have a program at a site. **Credit is not given for unused, sick or vacation days.**

Early Drop Off or Late Pickup

A late pick up fee of \$1.00 for every minute will be assessed for any drop offs prior to your scheduled class time. An early or late pick up form will be filled out at the site. The charge will be applied to your account and must be paid the next time you log into the system.

More than five early or late pick-ups per semester may result in dismissal of your child from the program.

Additional Fees

Late payments: \$25.00 on the 1st of the month.

Collection: If your account shows an outstanding balance for more than 30 days, the account will be turned over for collections.

All Holiday Camp sites and dates are subject to change and are based on enrollment.

Family Involvement

GPS Preschool Programs truly believes the key to the success of the program involves both staff and parents. The staff appreciates your thoughts, ideas, and concerns regarding the program.

Special events give you a chance to spend time with staff, engage in various activities, meet other parents, and explore your child's environment. Parents are invited to attend field trips with their children or visit them at classrooms at any time. Each family will receive information about curriculum, activities, and special events. Parents may have access to the areas of the facility premises where their child is receiving services. Our curriculums are available for review at each site or at the Preschool Office.

Behavioral Guidelines

Because social growth is so crucial during the preschool years, our preschool teams will focus on helping children learn appropriate behaviors. Behavioral guidelines have been established with the goal of not only maintaining the physical and emotional well-being of each student, but also of teaching self-discipline, judgment, and manners. Positive techniques are used to guide children's behavior. Parents and staff are viewed as partners in guiding a child's development. Staff will work with parents and teachers to establish consistency for each child. Parents will be kept informed of problems should they arise.

Appropriate behavior is essential to learning and growing and should be based upon mutual respect for the rights and property of others, respect for those placed in authority, and respect for every student. No one will be allowed to jeopardize the health, safety, or learning environment of other children. Children will be expected to display responsible behavior when they are attending a GPS Preschool Program. Emphasis is placed upon each student taking responsibility for his/her own behaviors. For more severe or continuous problems, one or more of the following may result: incident report, conference with parent, suspension, and/or removal from their program.

The following are general expectations of all students. Individual sites may choose to extend these expectations:

- Listen and follow directions the first time given.
- Keep hands, feet, and all objects to self.
- Respect others and equipment.
- Use words to solve problems. If that doesn't work, ask a staff member for assistance.
- Never be out of sight or sound of staff.

For more severe** or continuous issues*, one or more of the following may result:

- Phone call to parent which may result in student leaving for the remainder of the day
- Written incident report
- Conference with parent
- Behavior improvement plan (if student is not a risk to others)
- Removal from the program

**If the Preschool Team determines that a child cannot benefit from the program or presents a danger to other children, parents may need to withdraw their child from the program.*

***If the Preschool Team determines that a student would benefit from going through a screening process in the district of residence, due to concerns about the child's development, and possibly needing intervention, the parent will be notified as soon as possible. Depending on the level of concern, parents may need to withdraw their child from the program.*

Transportation Policy

Gilbert Public Schools Preschool Programs do not provide transportation to or from our tuition programs. Parents and/or guardians are responsible for transporting their child to and from the campuses.

Sign In & Out Procedures

For the safety of your child, individuals will be required to show proof of ID to the site staff at any time. A child will not be released to an individual refusing to show ID upon request. Police will be called if a child is removed from the program by anyone refusing to show ID. Always bring an ID to the site. Do not assume you will not need it.

DHS requires that a parent or an authorized party sign a child in and out of a Preschool Program each day. To sign a child out, the parent or authorized party **must sign in ink his/her full name, the date, and the time**. The child must leave the site once he/she has been signed out.

A child enrolled in GPS Preschool Program will be released only to those persons specifically authorized on the emergency information form (blue card). Exceptions cannot be made without advance written permission of the parent. Site staff are not eligible to be authorized signers. It is assumed that both parents have the right to pick up a child unless it is otherwise noted. If one parent has sole legal custody of a child, the Preschool Office must have a legal document on file stating such.

In the case of an extreme emergency only, the parent/guardian who registered the child for preschool program may call the site to authorize emergency telephone release of their child to a designated person. Parents will be asked very specific information regarding their child prior to the release being authorized by the staff. DHS requires a photo ID will be required from the designated person at the time the child is picked up from the site.

We cannot assume responsibility for personal belongings. Please have your child leave personal belongings in his/her backpack or at home. This includes any electronics. Please clearly mark any item your child does bring.

Special Needs

Gilbert Public Schools Preschool Programs fully complies with the requirements of Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, applicable DHS regulations, and applicable federal, state, and local laws.

Reasonable modifications will be provided to afford a student with a disability meaningful access to our programs, unless demonstrated that the modification would be a fundamental alteration in

the nature of the programs, or constitute an undue financial and administrative burden. Any student, including students with disabilities, may be removed from a preschool program if that student, even with reasonable modifications, is so disruptive to the program that other students cannot participate in or are in danger.

If your child has special needs or disabilities, please contact the supervisor of your program prior to registration. DHS regulations (R9-5-507) require that you provide copies of the following: your child's IEP, medication schedule, and qualifications for staff.

Medication Administration & Emergency Procedures

Medication is **not** given to participants without prior arrangements with the staff. If approved, only physician-prescribed medication in the original prescription container will be given. The container must be labeled by the pharmacist and must include the name of the student, date, dosage, name of the medication, and method of administration. A "Medication Consent Form" for the administration of medication must be completed by the parent or guardian and be kept on file at the site. Any unused or expired prescription medication will be returned to the parent or guardian. Medications will be disposed of two weeks after the expiration date or a child's withdrawal from the program. In case of an emergency, as determined by program staff, paramedics will be called and a parent will be notified immediately. Parents will be responsible for all costs incurred in such emergencies. A separate medication consent form must be filled out for holiday camps and summer camp. Please contact your campus staff for further instructions on medication requirements for holiday and/or summer camps.

Absences, Illness, Accidents, and Emergencies

Parents must inform the campus attendance line when an absence is due to illness. A child should not attend class with any of the following symptoms: fever within the past 24 hours, vomiting, diarrhea, undiagnosed rash, inflamed or matter-filled eyes, severe cold or sore throat, swollen glands, head or stomach aches, or head lice.

If a child becomes ill while attending a program, for example, with a temperature of 100° or higher, vomiting, frequent diarrhea, or onset of a rash, etc., a parent/guardian/emergency contact must pick up the child within an hour of being notified.

Children who are ill with a contagious disease or fever may not attend class. Parents must inform the school and site staff when an absence is due to a potentially infectious illness.

If a child is injured at the site, first aid will be administered. If a physician must treat a child, every effort will be made to contact the child's parent/guardian and the doctor indicated on the "Emergency Information and Immunization Record". In the event of an emergency, a child will be given the necessary emergency treatment until a parent/guardian can be contacted.

Additional illness and absence requirements may be imposed by Gilbert Public School Health Services Department.

Toileting Accidents

If a child has a bowel movement accident, we will make the child as comfortable as possible and contact a parent to come and pick up the child if necessary. If the accident is due to diarrhea, then the child must be taken home. Please be advised, this does not apply to urinating accidents. We do realize that many young children will have "accidents" on occasion, especially in a new situation such as the beginning of the school year. However, if accidents become frequent, an adjustment period will be discussed to determine how to best meet the needs of your child while maintaining state enforced licensing standards. Please note that preschool staff are not licensed to change diapers, including Pull-Ups.

Dress

Bring your student to school in comfortable clothes that allow them to move around and not worry about getting dirty. Students must wear shorts/pants under dresses/skirts. It is also important to make sure they are appropriately dressed for the season. Children must wear closed toed shoes. Flip flops, sandals, or heels are not appropriate. Closed toed are best for keeping children safe on our playground and throughout the day.

Immunization & Emergency Contracts

A child's immunization records are required prior to attendance. The Department of Health Services requires that the immunization record provided by a parent from a health care provider contain all current, age-appropriate immunizations.

It is the parent's responsibility to make sure that the information on the "Emergency Information and Immunization Record" filled out at registration is kept current at the site and in your family account. It is extremely important that all home, business, and emergency contacts are correct. You will need to list at least four local emergency contacts, which includes parents, on the emergency record. No one may pick up your child unless listed on this record.

Screenings

GPS Preschool Programs are proud to support the mandated Child Find efforts as outlined by the Arizona Department of Education. In compliance with the law, we will conduct Child Find developmental screenings on all students within their first 45 days of attendance in our program. We will discuss any developmental concerns that arise based upon your child's screening with you.

Screenings for vision and hearing are performed by the Health Services staff on scheduled grade levels during the school year. If you choose to not have your student screened please provide a statement in writing to your campus Health Office staff.

R9-13-102. Hearing Screening Population A. A school administrator shall ensure that the following students have a hearing screening each school year: 1. A student enrolled in preschool, kindergarten, or grade 1, 2, 6, or 9; 2. A student enrolled in grade 3, 4, or 5, unless there is written documentation that the student had a hearing screening in or after grade 2; 3. A student enrolled in grade 7 or 8, unless there is written documentation that the student had a hearing screening in or after grade 6; 4. A student enrolled in grade 10, 11, or 12 unless there is written documentation that the student had a hearing screening in or after grade 9; 5. A student receiving special education; and 6. A student who failed a second hearing screening in the prior school year.

Staff/Child Ratio

To ensure the quality of our Preschool Programs, the staff-to-child ratios are kept below the standards of 1:13 set forth by the Arizona Department of Health Services.

Staff Qualifications

Staff members meet or exceed established educational and experience requirements for the positions held, participate in formal training each year, and undergo background checks through local, state, and federal authorities. Ongoing professional development opportunities in the areas of classroom management, recreation, discipline, and child psychology are provided for all staff throughout the year.

Field Trip Procedures

Prior to any field trip the teacher shall provide parents with written information concerning the purpose of the trip, transportation, eating arrangements, and date and time of the field trip. Parents will be required to sign a field trip permission form. Parents must accompany their children on non-walking distance field trips. Transportation is not provided for those field trips that are not within walking distance.

Insurance

Gilbert Public Schools District carries liability insurance, which covers the GPS Preschool Programs. The insurance coverage is provided by Arizona School Risk Retention Trust, Inc. This coverage applies to any time your child is signed into a preschool program including off-site field trips. This policy **does not** provide accident/medical coverage and we suggest each child be covered on an individual or family health care plan.

Pesticide Application

In the event it becomes necessary to apply pesticide on the premises, parents will be notified in writing 48 hours prior to the pesticide application. The pesticide information as described in R9-3-306 of the Arizona Rules and Revised Statutes will be included in the written document.

Empowerment Program

As an organization that is licensed with the State of Arizona Department of Health, we are also participants in the state's Empowerment Program. This is a program that is focused on ensuring centers are incorporating specific nutritional guidelines and healthy practices such as sun safety, oral health, and reducing tobacco use in the community. This means that we must serve meals family style, provide families with information about sun safety, tobacco cessation, and ensure that children are receiving meals that are balanced with all food groups. We are also required to provide at least an hour of physical activity for the children daily, limit screen time to less than 3 hours or less a week, and limit juice intake to 4 ounces or less a day. If you have any further questions regarding our participation in this program, please feel free to contact your specific program's supervisor and/or coordinator. You may also find additional information regarding this program at the Arizona Department of Health Child Care website www.azdhs.gov.

Addition Community Education Programming

VIK CLUB

The VIK Club is offered to school age students at the following GPS elementary schools:

Ashland Ranch	Harris *	Pioneer
Augusta Ranch	Highland Park	Playa del Rey
Boulder Creek	Houston*	Quartz Hill
Burk **	Islands	Settler's Point
Canyon Rim	Meridian	Sonoma Ranch
Carol Rae Ranch	Mesquite	Spectrum
Finley Farms	Neely	Superstition Springs
Gilbert	Oak Tree	Towne Meadows
Greenfield	Patterson**	Val Vista Lakes

*Harris students are bused to and from Houston for VIK

** Burk currently has a PM program located at Burk; students are bused from Patterson to Burk in the AM.

Enrichment

Welcome to high-quality student enrichment programs at Gilbert Public Schools! We offer a diverse selection of programs intended to encourage students to explore new educational opportunities. Student enrichment programs are available at most elementary school campuses throughout the District and are offered by our approved third party vendors in partnership with Gilbert Public Schools Community Education. Enrichment class selection and location for individual vendors may vary and/or change from session to session, semester to semester, so please check with Community Education for the most up to date class selections.

Enriched

Enriched is Community Education's teacher based after school enrichment program which provides students additional educational opportunities to extend, and enhance their school day learning, as well as provide an avenue for them to explore new interests. Enriched classes are taught by Gilbert Public Schools certified teachers on a variety of subjects including but not limited to Foreign language, Financial Literacy, Arts & Crafts, Science, Performance Arts and Sports. Class selection may vary among school locations so please check with Community Education for the most up to date class selections.

Gilbert Youth Athletics

Gilbert Youth Athletics is committed to providing top-tier coaching, utilizing elite facilities and focusing on the overall development of each student-athlete. It is our belief that great athletes

must develop fundamental skills at a young age which prepares them for a future of success as they progress through high school and college programs.

Athletes have access to some of the best coaches in the state of Arizona who are committed to the development of young athletes, while also spending significant time emphasizing character and sportsmanship. Our slogan of Two Steps Ahead comes from the promise to our community that we provide an unparalleled program in terms of coaching, facilities and competition. Student-athletes will be two steps ahead as they move through their playing career as a result of coaches and program leaders who are relentless in their pursuit of excellence.

With player development being the focus we are able to identify the playing ability of all athletes and begin a structured approach of facilitating growth. This individualized approach is only possible as the result of employing excellent coaches who are committed to the player development process. All coaches are Gilbert Public Schools employees with many currently being on a junior high or high school coaching staff.
