

## **OAK TREE ELEMENTARY**

**A+ SCHOOL OF EXCELLENCE™ WINNER**

### **Family and Community Engagement**

Students are more successful when schools, families and communities work together. Here at Oak Tree, we hope to create an environment where family engagement is an integral part of our students' education. The Oak Tree Elementary Title I program will use the following engagement opportunities:

- A **Title I Annual Parent Meeting** will be held (during Open House) to explain and discuss our School-wide Title I Program.
- A **School Curriculum Night** will be held near the beginning of the school year to inform parents of the Arizona Standards and Assessments.
- **Title I Family Engagement** events will be held throughout the year. Families will learn how to implement intentional "linked to learning" strategies that empower them to support learning at home. For example; Summer Library Program, Reading Under the Stars, Family Math Night, and PTO Grade Level Mixers
- **Parent/Teacher Conferences** will be held each year with flexible scheduling to discuss your student's progress and ways you can work together with the teacher to help your child reach their goals. Parents are encouraged to request a second conference later in the school year.
- **Report Cards** are available to view quarterly. Parents are encouraged to look up their student's grades on Infinite Campus regularly.
- Parents are welcome to **Contact Teachers** through school email and/or phone to discuss their child's success at school.
- **School Newsletter/Updates** will be sent out every Friday afternoon offering timely information and dates regarding school activities.
- Families are invited to **Volunteer** on PTO committees and around the school in different capacities, including school festivities, book fairs, and classroom activities.
- **Title I Math and Reading Specialists** will provide progress reports, one per semester for each student attending Power Math or Power Reading.
- **Partners in Learning Compacts** will be signed by all students, their parents(guardians), classroom teachers, and district personnel.
- Oak Tree Elementary will provide a **Title I Mid-Year Review**. At this time, parents will be able to provide input to Oak Tree's Family and Community Engagement Plan and the Partners in Learning Compacts. Please plan to attend and be an active part of our Oak Tree Community!
