

Children Self Sign In / Out - The Zone has an open door policy, which stipulates that children are permitted to sign themselves in and out. Parents must first sign a permission form to be kept on file at The Zone site, which grants children permission to sign themselves in and out. Once children have signed themselves out for the day they may not return to The Zone.

Permission Slip for the Computer Lab for The Zone Summer Camp-Gilbert Public Schools limit the programs that students can access for a variety of reasons. Unfortunately, there are so many sites available that we can't monitor and block all of them. Snap Chat, Instagram, Twitter and Facebook are currently blocked, as well as all instant messaging and chat sites.

Gilbert Public Schools Permission to Photograph / Videotape Parent Release Form-Permission is required for your child to be photographed / videotaped within the school setting while being involved in a school sponsored activity. Pictures may be used in newspapers, on television, in publications, other media activities, or on the district's internet website.

I understand that this assignment will be in effect only during that period in which the child is enrolled in The Zone Summer Camp for the summer of 2019. It is agreed that I may view the tape/ photography upon request.

Permission Slip to watch Movies and play Video Games -Children at The Zone have the opportunity to watch movies rated G, PG, PG-13 and play Xbox, Wii & Wii U games rated E, E 10+,T, M, with a signed permission slip. By initialing below you give your child to view movies and / or play video games.

Student Conduct for The Zone Summer Camp
[Awareness Contract and Receipt of Student Handbook that Outlines](#)
[Student Conduct at Gilbert Jr. High Schools](#)

This information is presented in order to ensure the safety and well-being of all students at Gilbert Public Schools. It is also meant to ensure that all students and parents/guardians have received communication regarding the Governing Board's special policies dealing with drug/alcohol abuse, dangerous items/deadly weapons, the attendance policy, and the student Electronic Information Services (EIS) - User Agreement.

- **Policy ACB** regarding harassment (e.g., sexual, race, color, national origin, religion or disability).
- **Policy JICC** regarding student conduct on district vehicles. Riding the bus is a privilege, not a right. *
- **Policy JICH** regarding drug/alcohol abuse. (I understand that drug/alcohol abuse includes illegal drugs, alcohol, prescription drugs and other mind-altering substances. Abuse includes the possession, use, distribution, sale, or purchase of any of the above.)
- **Policy JICI** regarding dangerous instruments and deadly weapons in school.
- **Policy JICF** regarding negative student group or gang affiliation.
- **Policy JKD** regarding student suspension and expulsion/due process rights. Students will be suspended ten camp days for participation in a fight.
- **I agree to abide by the Internet Agreement as presented in the Electronic Information Services (EIS) presentation.**

***ZONE Addendum to Policy JICC** – Students may be suspended from riding the school bus if they are found in violation of **Policy JICC**. Those found in violation may not attend field trips.

The ZONE has implemented a “**NO TOLERANCE**” policy for fighting. Any intentional physical contact, which results in the harm of an individual, constitutes fighting. Under these circumstances the following will apply:

- Any student witnessed in a physical altercation or bullying will be suspended indefinitely and, depending on the severity of the incident, may be removed for the remainder of the summer program (refunds will not be given if students are removed due to their involvement in a physical altercation).
- An Incident Report will be created documenting the incident and specifying the duration and terms of the suspension. A copy of this document will be made available to the parents of any individual involved.
- Any student under suspension may not return to campus until their suspension has ended.
- Prior to any student returning to the program site following a suspension, the individual suspended and a parent or guardian must meet with the Program Director in order to review Student Conduct policies.

If I am found in violation of these policies and agreements, I may be suspended or expelled from school. My signature below indicates I have listened to, or read, an explanation of the following Governing Board policies and the Electronic Information Services (EIS) - User Agreement and that my signature will be in force for the remainder of the 2019-2020 school year.
