Social Worker

I would like to take this opportunity to thank all the families who signed up for the SSE Angel Tree. We are so grateful to have families like you that give and support us. All items collected went directly to the families who needed it during this past holiday season. I truly can not thank you all enough for all you have done for our SSE Families. SSE really is a great place to be as we have all these wonderful families supporting one another.

I would like to update families on our SEL classes. In Kindergarten and 1st grade we are starting our how to calm down unit. In this unit we discuss skills that will help us be successful in the classroom. We use video clips, books and pictures to go through the unit. In 2nd, 3rd, 4th and 5th grade we will continue our how to calm down unit and slowly start our problem solving unit. In this unit we discuss skills that can help us calm

our bodies when a subject is too hard or how to help ourselves here at school when we have a big emotion. When we start our problem solving unit we discuss ways to help ourselves on the playground and/or during recess. We watch video clips, look at school pictures, and read books to go through how we can be kind at school. In 2nd grade we will be continuing our school project of writing a book based on Champion, our school dog. In 6th grade we will continue our problem solving unit and start our emotional management unit. In this unit we will discuss problems that come up here at school and how we can help ourselves in solving them e.g. friendships, school work and other. In the emotional management unit we will discuss ways to help calm our bodies when school work is hard. We will use video clips, stories and complete games/activities with this unit. I hope your students are enjoying SEL as much as I am!
